

The background of the cover features a photograph of the Missouri State Capitol building in Jefferson City, Missouri. The building is a large, white, classical-style structure with a prominent dome and a portico supported by columns. In the foreground, there is a large, ornate fountain with water spraying upwards. The scene is surrounded by green trees and a well-manicured lawn. Overlaid on the top half of the image is the Great Seal of the State of Missouri. The seal is circular, with a blue outer ring containing white stars. Inside the ring is a shield divided into four quadrants, each containing a different symbol: a grizzly bear, a sheaf of wheat, a cotton plant, and a ship. Above the shield is a crest featuring a torch and a scroll with the word 'POPULI'. The entire seal is set against a background of red and white horizontal stripes.

Major Category Instructions

The charge codes contained in this section are listed in numerical order within each major category.

The Charge Code Manual is available on the Missouri State Highway Patrol website. A copy of this manual with the charge codes sorted in statute order is available on the Highway Patrol's web page along with the revisions and the quarterly supplements. The supplements contain any changes that may occur to specific charge codes after the legislative changes have been incorporated into the annual publication.

To access the charge code manual at the Highway Patrol's home page (www.mshp.dps.mo.gov), select "Publications" in the left hand index, then select "Handbooks/Manuals".

Descriptions of Column Headings:

Statute - Indicates the chapter and section of the Missouri Revised Statutes (RSMo) that relate to a particular charge code.

Type - Indicates the seriousness of a crime as determined by state statute (e.g. Fel = Felony, Misd = Misdemeanor and Infr = Infraction).

Class - Identifies the classification of an offense as determined by statute: A, B, C or D.

Charge Code - Is the eight-digit code associated with a criminal offense that is divided into three segments. The first five digits are pre-assigned by the Office of State Courts Administrator (OSCA). The 6th and 7th digits are either pre-assigned or left blank. If the 6th and 7th digits are not pre-assigned, then a selection from the list of available NCIC modifiers, identified in the "Literal Description" column, will need to be made. The NCIC modifier provides additional information specific to an arrest charged and it triggers caution indicator used to enhance officer safety. The state modifier is the 8th and final digit that should be completed by selecting the applicable state modifier.

F/P OCN - (Fingerprint /Offense Cycle Number): A "Yes" in this column identifies offenses for which fingerprints must be obtained on the state criminal fingerprint (OCN) card and submitted to the Criminal Justice Information Services (CJIS) Division of the Missouri State Highway Patrol. A "No" indicates a fingerprint submission is not required. If fingerprints are collected and submitted to the CJIS Division, the fingerprints will be searched through the Automated Fingerprint Identifications System; however, a criminal record for the offense will not be created.

Major Category Instructions (cont'd)

Literal Description - Indicates the base description of a particular offense. The available NCIC modifiers are also identified in this column. If more than one modifier is available with the base code, then a selection must be made to complete the 6th and 7th digits of the charge code.

DNA - Identifies whether the offense requires the collection of DNA.

"A" identifies offenses that require the collection of DNA upon arrest.

"C" identifies offenses that require the collection of DNA upon conviction of an offense.

"S" identifies offenses that require the collection of DNA if the subject is registering as a sex offender.

"N" indicates that the collection of DNA is not required for the offense.

SOR -(Sex Offender Registration): A "Yes" in this column indicates that registration as a sex offender is required upon conviction. A "No" indicates that this charge does not require registration as a sex offender.

Case Type - This column is used by OSCA to categorize cases for management purposes. "C" = Conservation, "F" = Felony, "J" = Juvenile, "M" = Misdemeanor, "IN" = Infraction, "O" = Ordinance, "T" = Traffic, "W" = Watercraft.

ROC - (Record of Conviction): A "Yes" indicates the offenses that are reportable to the Department of Revenue upon conviction. A "No" indicates the offenses that are not reportable to the Department of Revenue upon conviction. An asterick "*" identifies offenses that are reportable to the Department of Revenue if the offense occurred while operating a motor vehicle.

Effective Date - Indicates the actual date the charge code was created and available for use.

If an offender commits the crime of assault on a law enforcement officer with a gun, the Missouri Charge Code for this offense is 13100__.. An appropriate modifier needs to be selected in order to complete the charge code. The list of applicable modifiers is provided below. In this case, the modifier for Aggravated Assault - Police - Gun is 10.

.0 NOT APPLICABLE .1 ATTEMPT .2 ACCESSORY .3 CONSPIRACY

For the remaining position, enter the code for "Not Applicable" (.0) since the charge was not an attempt, accessory, or conspiracy. Therefore, the complete Missouri charge code for assault police officer - first degree offense is 1310010.0. To complete the NCIC code 13__ use the same two digit modifier (10) as entered in the Missouri Charge Code. Therefore, the complete NCIC code is 1310.

Since the charge is a felony, it is classified as a mandatory reportable offense and entered in the Criminal History System. The NCIC code associated with this charge would trigger a caution indicator when entered into the Criminal History System. These caution indicators can be invaluable when identifying a potentially hazardous situation for law enforcement personnel when dealing with such an individual.

Ordinance Violations

The charge codes contained in this section are listed in ordinance violations order.

The Charge Code Manual is available on the Missouri State Highway Patrol website. A copy of this manual with the charge codes sorted in statute order is available on the Highway Patrol's web page along with the revisions and the quarterly supplements. The supplements contain any changes that may occur to specific charge codes after the legislative changes have been incorporated into the annual publication.

To access the charge code manual at the Highway Patrol's home page (www.mshp.dps.mo.gov), select "Publications" in the left hand index, then select "Handbooks/Manuals".

Federal Charges

Federal Codes

The charge codes contained in this section are listed in Federal Statute order.

The Charge Code Manual is available on the Missouri State Highway Patrol website. A copy of this manual with the charge codes sorted in statute order is available on the Highway Patrol's web page along with the revisions and the quarterly supplements. The supplements contain any changes that may occur to specific charge codes after the legislative changes have been incorporated into the annual publication.

To access the charge code manual at the Highway Patrol's home page (www.mshp.dps.mo.gov), select "Publications" in the left hand index, then select "Handbooks/Manuals".

Descriptions of Column Headings:

Statute - The chapter and section of the United States Statutes (USC) that relate to a particular charge code.

Type - The seriousness of a crime as determined by federal statute (e.g. **Fel**= Felony, **Misd**= Misdemeanor)

Charge Code - Is the eight-digit code associated with a criminal offense that is divided into three segments. The first five digits are pre-assigned by the Office of State Courts Administrator (OSCA). The 6th and 7th digits are either pre-assigned or left blank. If the 6th and 7th digits are not pre-assigned, then a selection from the list of available NCIC modifiers, identified in the "Literal Description" column, will need to be made. The NCIC modifier provides additional information specific to an arrest charged and it triggers caution indicator used to enhance officer safety. The state modifier is the 8th and final digit that should be completed by selecting the applicable state modifier.

NCIC Code - National Crime Information Center assigns the first 2 digits; the last 2 digits should be selected by the officer from the list of modifiers

Literal Description - The literal description that relates to a particular offense.
